

## A world of benefits: State Library Victoria membership

---

I absolutely love my Cultural membership and tell anyone who'll listen how much joy I get from it. During the COVID pandemic, the Library provided some fabulous 'virtual' activities – I especially loved talks on Elizabeth Gould and the libraries of the world. During the past three years, I've attended and contributed to the Bruce Postle Archive, the Walter and Helena Cass Collection and the 2021 Focus on country Victoria appeals and it gives me great personal satisfaction to have helped secure these collections for the Library. It is all these fabulous things that makes renewing my membership an absolute no-brainer!
