

A world of benefits: State Library Victoria membership

‘My Cultural membership is fantastic and during 2023 I’ve attended “insider” tours of the Library’s treasures and collections. I’ve enjoyed An Evening with Playwrights, the *MIRROR* launch and socialised with local distillers at a fabulous masterclass (the history of gin never tasted so good!). The Kids Takeover was fabulous, too! My membership connects to me to a vibrant community where I meet great people and learn new things. I love it.’ – Cultural member M Guy

Become a member of Australia’s oldest public library and unlock a treasure-trove of knowledge.

State Library Victoria’s free **Access membership** is at the heart of our community, connecting you to thousands of e-resources and more than five million books, photos, artworks, maps and more within the Library. Members can also access Library meeting rooms and creative technology studios.

If you’re looking for extra benefits to support your study, family or cultural interests, one of our paid memberships could be just the ticket.

Our **Cultural membership** will give you early access to programs and events, behind-the-scenes experiences, curator talks, VIP tours, and entry to our members-only Foundation Lounge.

Our end-of-financial-year campaign saw a record number of donors contribute to digitise *The Sun News-Pictorial*, an essential resource for social and family history research in Victoria. Donors to the campaign joined us for a morning tea and had the opportunity to see pages of *The Sun* up close and personal.

A **Family membership** includes complimentary school holiday program tickets, exclusive member-only experiences and discounts at Readings book store and Mr Tulk cafe.

Student members can access career-building and networking events, a SWOTVAC student zone and extended access to meeting rooms.

Access a world of benefits – join State Library Victoria today.
