

ACTIVITY

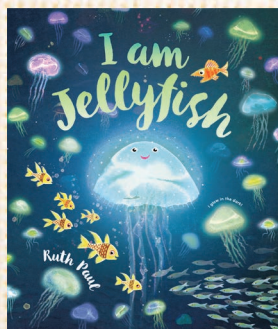

# JELLYFISH

## YOU WILL NEED

- 1 paper plate or cardboard, hard craft paper, a biscuit box, etc.
- Streamers, ribbon or newspaper cut into strips to make the tentacles
- A piece of paper
- Coloured felt-tip markers, crayons or pencils
- Scissors
- Glue
- String

## STEPS:

- 1 Trim the paper plate to make a jellyfish shape.
- 2 Use the coloured felt-tip markers, crayons or pencils to decorate the jellyfish shape.
- 3 If you don't have streamers, make the tentacles by cutting strands of ribbons or other material.
- 4 Cut out a pair of circles from the paper for eyes, and colour them in.
- 5 Turn the paper plate over and cover the freshly cut edge with glue.
- 6 Add your tentacles to the paper plate.
- 7 Turn the jellyfish back over to the front and stick on the eyes.
- 8 Make a hanging hook from the string and attach it to the back of the jellyfish. Time to wobble-wobble like a jellyfish!
